## Exams Available in the Library

We have a limited number of old / practice exams available in the Law Library. Some exams are available on reserve (check under the professor's name). Also check in the Stacks at KF 292 C486. Professors may also make exam materials available on their course website, particularly as time draws closer to the exam period. Be aware that the Law Library holds only those exams that the professors have given to us and many professors choose not to release their exams.

## Other Collections of Exams

Several law schools and libraries maintain available collections of their school's exams. Note that only selected exams may be available without a username and password from that institution:

## ***CALI***

CALI stands for Computer-Assisted Legal Instruction. CALI.org is a non-profit consortium of law schools – of which UC Law is a member – that develops and distributes legal education lessons to the consortium members. CALI courses are available online at <http://www.cali.org> or they can be accessed via a DVD. CALI DVDs are distributed to every incoming 1L student. They are also available at the Circulation Desk. CALI DVDs are Apple and Windows compatible.

You will need to set up a password to use CALI online. Go to <http://www.cali.org> and look at the information box on the right side of the screen. Click on “Not a registered user yet?” You will be asked to enter UC Law’s authorization code. You can get this code from any reference librarian or at the Circulation Desk. Once you have entered the authorization code, you can set up your password. Here is a link to a CALI-produced video that walks you through the registration process: <http://www.cali.org/faq/7886>.
